

**MONDIAL SAILING WITH NEW CONTRACT WIN**  
**SpeedFerries First to Offer Dynamically Packaged Travel Insurance**

Leading low cost fast ferry service, SpeedFerries has selected leading specialist online travel insurance administrator Mondial Assistance to provide a fully integrated online booking service in a new three year deal.

SpeedFerries transports over 700,000 passengers each year and operates between Dover-Boulogne on a daily basis. The highly efficient ferry company is one of the first to offer its customers travel insurance policies through a dynamically packaged web solution. Mondial was able to create a bespoke product to complement SpeedFerries offering, due to its extensive knowledge and expertise in this area.

Under the new agreement, Mondial will administer single trip short term travel policies, including a cancellation waiver, protection against bad weather conditions, passenger delays leading to cancellation and baggage and medical cover as standard. Insurer Elvia Travel Insurance International N.V. is underwriting the offering.

SpeedFerries commented that the new partnership resulted from the Mondial team listening to its requirements and developing a product suited to the needs of its customer. Impressed by Mondial's proactive approach to marketing travel insurance, SpeedFerries believe that Mondial's extensive experience with a range of high profile travel brands will be fundamental in the success of its online offering.

Nick Weston, Senior Business Development Manager for Corporate and Travel at Mondial Assistance said: "This is a fantastic opportunity for Mondial to work with a different area of the travel industry, and we are delighted to have won the SpeedFerries contract. We look forward to working with SpeedFerries and strongly believe this partnership will further prove our diversity in applying our innovative thinking and solutions to meet the needs of our Clients."
