

News Release

Mondial selected by Mitsubishi Motors Europe as their Pan-European partner in 33 countries

Mondial has successfully negotiated a three year deal with Mitsubishi Motors Europe to become its preferred roadside assistance provider covering 33 European countries.

In order to provide a consistent level of cover throughout Europe, this new contract means that the scheme has been reviewed to ensure that all European countries now receive the same benefits across Europe as well as increased hire car benefits. The scheme has also changed its name from Mitsubishi Inter Euro Service to Mitsubishi Assistance Package (MAP).

Mitsubishi customers will benefit from a three year European roadside assistance package which can be renewed at a competitive rate after the initial three year period of cover. Mondial's European network will also provide customers with access to multi-lingual assistance services 24 hours a day.

Comments Tim Tozer, Automotive Director for Mondial, "Mondial has enjoyed an excellent relationship with Mitsubishi through the provision of roadside assistance and warranty services in the UK. I am delighted that Mitsubishi Europe has recognised that Mondial Group has the ability to provide a truly European solution for its customers. I look forward to supporting Mitsubishi in their aim to provide even greater levels of support for their customers. "
